WELCOME BACK TO CREATIVE OPTIONS FOR THE 2021-22 SCHOOL YEAR!

We are looking forward to this school year! Please update all releases, authorizations, medical forms and emergency contacts, etc.

SAFETY

Most of us cross streets every day. We are all pedestrians at one time or another, and we take for granted that we can cross without incident because, most of the time, we do. But sometimes we aren't so fortunate.

Young children and the elderly are more likely to be killed or injured in a pedestrian crash than any other group. While it's easy to blame drivers, they are not always responsible for these accidents. All too often, pedestrians are the cause of accidents.

Always cross streets at designated crosswalks

Avoid crossing between parked cars or at the front or back of buses or large vehicles

Never assume that an approaching vehicle can see you or will stop for you – wait until the vehicle has stopped before you step off the curb

Hold your child's hand at all times when crossing streets or in parking lots

HEALTH

We provide ***Hearing and Vision Screenings*** to all children who wish to participate in this service. Parents will be notified of the results and any follow up if needed.

Screenings will begin this month.

LOOKING FORWARD
